Big food issues in Bristol

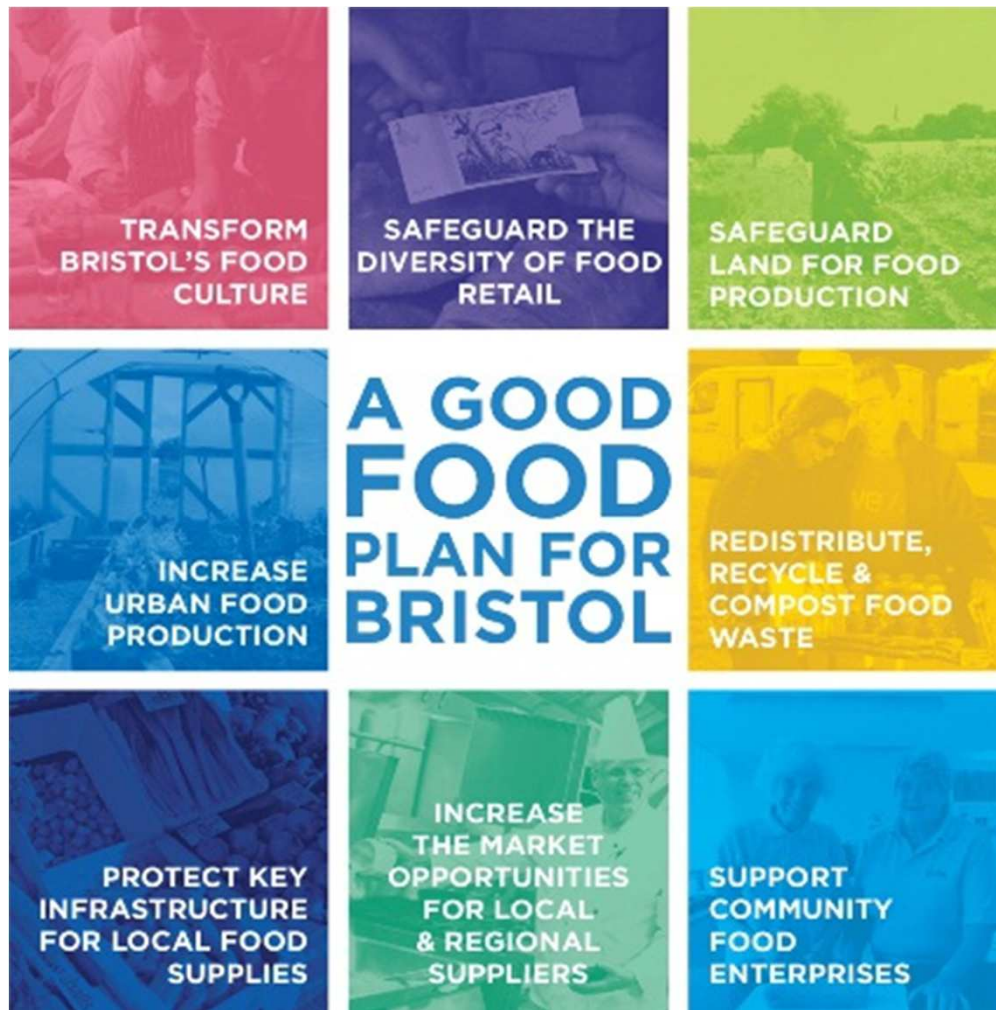

Our response – the Food Policy Council

- **Strategic body – linked to City leadership structures**
- **Small (12) but representative of the food sector; business, public and community**
- **Aim – to bring about a sustainable food system in the city**

How does it work?

Food systems

Powerful message

Seeding the ground

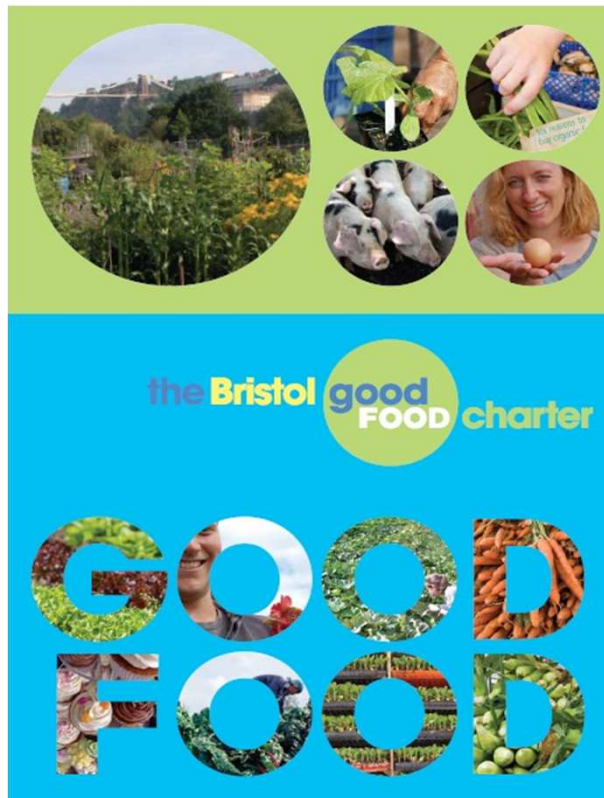

Sound evidence

Raising the game

Supporting action

A powerful message

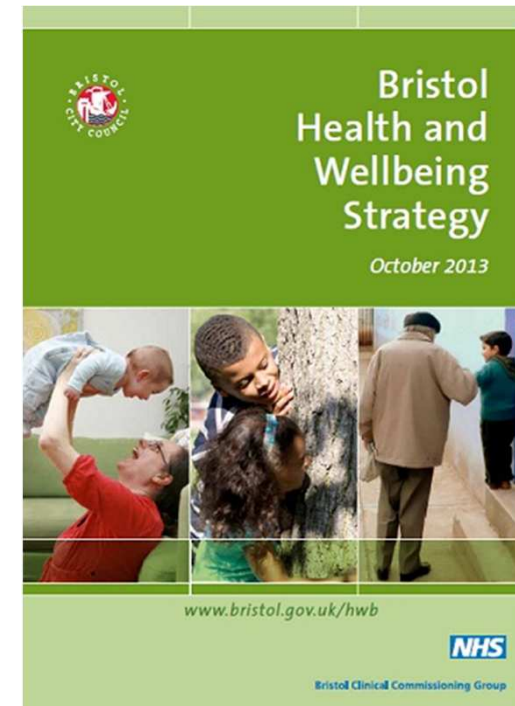

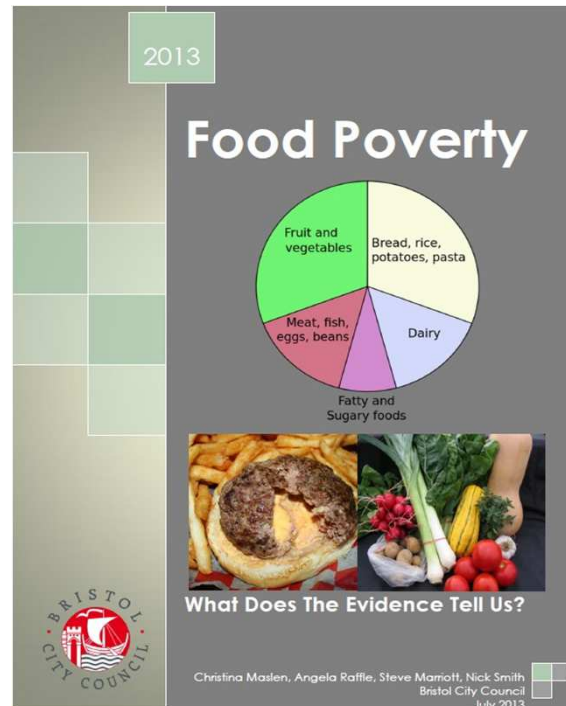

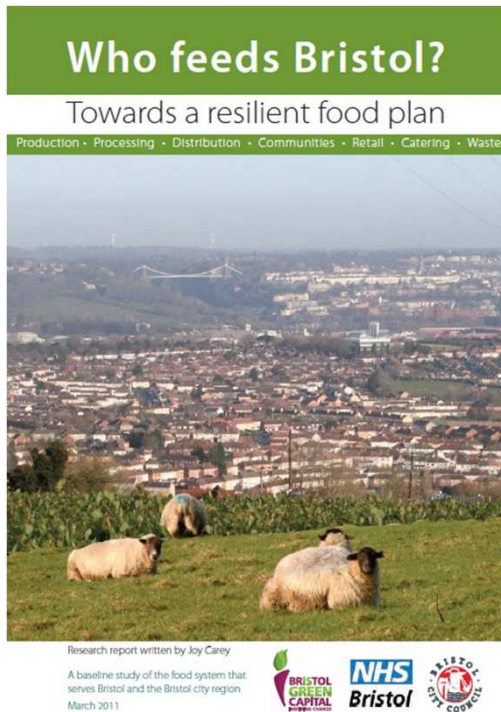

Helping people
reconnect with
food

Events to promote the
message

Sound evidence and raising the game

Providing the evidence base to ensure strategies and policies support the aim of “good Food”

Supporting action by all

Encourage new projects, through;

- sharing skills
- technical advice
- funding and income generation advice
- help with land and facilities

Summary

- **Strategic body – linked to City leadership structures**
- **Food systems planning process**
- **A clear message which draws people in**
- **Work to achieve systemic change**
- **This is about culture change, it takes a long time**
